

Contract Maintenance

Another important piece of the Do-All organization is the **Contract Maintenance Services division**. Through this supported employment operation, we are able to offer in-house and off site janitorial and maintenance training. Working with a supervisor and crew in a wide variety of settings provides our trainees with valuable skills which will help them transition to permanent employment with other organizations.

If it needs to be done, the Do-All Contract Maintenance Services will get it done. Do-All crews provide building and physical plant maintenance, office cleaning and janitorial support, special event cleanup, special projects, and much more! All while providing valuable training, and job skills development for people with developmental and other disabilities.

We have teams available 7 days a week and at varying times of day - whatever is required to best serve our customers. Our service area encompasses Bay City, Saginaw, and Midland.

We'd love to work with your business or organization to get the job done! To request a quote for your project, contact Rhonda Slayton at **989.894.2851** or **989.213.8193 (cell)**. We will discuss the details of your project, conduct a walk through and create a personalized bid for your project.
